CMS-10108 Medicaid Managed Care Regulations

Under the PRA (44 U.S.C. 3501-3520), federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. The term "collection of information" is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA requires federal agencies to publish a 60-day notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension or reinstatement of an

existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, CMS is publishing this notice.

Information Collection

1. *Type of Information Collection Request:* Revision of a currently approved collection; *Title of Information Collection:* Medicaid Managed Care Regulations; *Use:* Information collected includes information about managed care programs, grievances and appeals, enrollment broker contracts, and managed care organizational capacity to provide health care services. Medicaid enrollees use the information collected and reported to make informed choices regarding health care, including how to access health care services and the grievance and appeal system. States use the information collected and reported as part of its contracting process with managed care entities, as well as its compliance oversight role. We use the information collected and reported in an oversight role of state Medicaid managed care programs.

Among the proposed changes, this iteration also accommodates the use of reporting templates for existing reporting requirements at 42 CFR 438.207(d) for network adequacy and access and § 438.74 for medical loss ratio. The templates are intended to help states by articulating the specific data elements needed and by providing an easy to use format that facilitates CMS' tracking and analysis. The data gathered from these reports will enable CMS to ensure state compliance with regulatory requirements.

Form Number: CMS-10108 (OMB control number: 0938-0920); *Frequency:* Occasionally; *Affected Public:* Individuals or households, Private sector (business or other for-profit and not-for-profit institutions), and State, local or Tribal Government; *Number of Respondents:* 609; *Total Annual Responses:* 13,742,805; *Total Annual Hours:* 1,682,411.
